MORE THAN A PREMIUM PADEL COURT

PADEL1969.COM

WHEN YOU CHOOSE US - YOUR PROJECT IS OUR PRIORITY

With more than 25 years of experience in the Padel sector with a strong track record, PADEL1969 is one of the largest manufacturers of Padel courts. We say **ONE COURT FOR LIFE™** as we can guarantee the highest standards in our manufacturing and in the quality of the materials we use. We always strive for continuous development with our products and services to help our clients be local benchmarks. We understand the fact that to be internationally the best we need to be locally the best.

Our engineering team is here to help to build courts to your individual needs. We know that every project is having its own needs and preferences to make it the best project for the client. We do projects all over the globe and installations in all types of weather conditions.

PREMIUM PANORAMIC PADEL COURT

High Quality Steel Structure

We use the highest quality of steel to provide our clients the quality they deserve. For outdoor courts we do the structure of even thicker profiles that are hot dip galvanised before colour coating. Colour options are unlimited, and the most popular colours used are black, white and blue. We can even use the colour of your car.

High Quality Tempered Glass

We offer the best tempered glasses with the thickness of 12mm which makes them the most suitable solution for Panoramic court. Measuring 1995x2995mm. Thermally tempered glass according to EN-12150-2.

Supercourt Performance Turf

We use Mondo Supercourt XN flooring which is the official World Padel Tour artificial grass for Padel courts. Also DOMO M/27 is another option as it is used in WPT Challenger. Synthetic grass model is monofilament curly or normal based on client's decision. Infill is done with Silica sand, grain size of 0,2-0,5mm, optimal for Padel sports.

Xitanium LED Lighting

Lighting is to make playing experience full of joy 24/7. Set of 200W LED lights x 8 for the court. IP66 rating with PHILIPS driver, including cable till the bottom of the columns. Electrical installation and connection always done locally aligned with the local regulation.

Tailoring of the Courts

We can customize your court to your needs and preferences. We have variety of innovative solutions how you can complement your Padel court.

MADE IN SWEDEN

Sweden has been famous for its high standards in steel manufacturing since the 1420s.

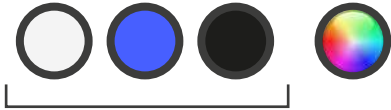

Premium brands like Volvo, Assa Abloy, and Electrolux are from Sweden. They are known for their high quality and long life cycles in their products. It is in Swedish DNA to manufacture, produce and deliver high-quality to international markets. We are proud of what we do for Padel markets when we deliver premium quality with competitive pricing.

CHOOSE PADEL1969 - WE DELIVER PREMIUM QUALITY - WE CARE

We deliver premium quality

High quality is in our DNA. We deliver strong and durable quality. Our premium Padel courts are designed for demanding Nordic weather conditions. Our own manufacturing is making us also quick in delivery. We can deliver in 8-10 days new Padel courts to you. We use premium quality lighting components and premium performance sport grass. With us you are not alone, we help you in planning, and we offer you installation and maintenance services.

We offer up to 15 year warranty

With an experienced team and production of over 1.000 Padel courts in the last three years. We have standardized manufacturing processes where quality assurance and quality checks are done professionally. Quality of welding and pre-processing of materials are things where we can make a big difference to the durability of the Padel court. We have very long growth horizon in Padel business and we believe in delivering long-term sustainable value to the Padel market as a privately owned company.

We help to grow in Padel

Our team has been in the Padel business since the 1970s. With our expertise, you get a fast track to a successful Padel business. We have multiple lessons learned what is working and what is not working. We also acknowledge that every project is individual and has its need for tailoring to make it suit to your needs and preferences. We know how to do it.

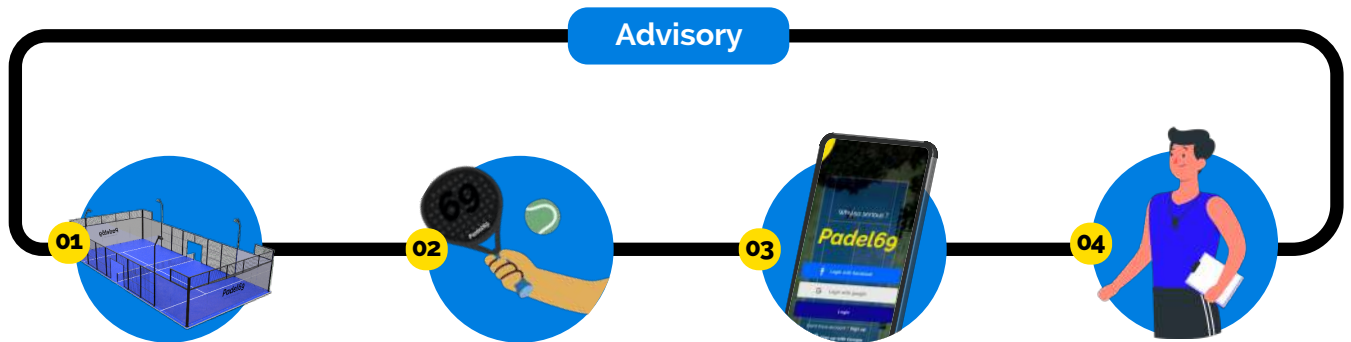

We are in people's business

Our people have a strong passion to deliver premium Padel products and services to our clients. We care about our people and our clients. In our manufacturing we prioritise the quality of the production and also occupational safety and health. We are proud of what we do and we have a Net Promoter score of 92. Thank you for your trust dear clients.
